MEMORANDUM FOR: Special Assistant to the Director
for Planning and Coordination

SUBJECT: Publication of [] Paper
on U. S. Policy

1. I talked with Park Armstrong, Special Assistant Intelligence, State, about the Agency's suggestion that [] publish its paper on [] as a [] document without attribution.

2. The only objection that Mr. Armstrong raised was the possibility that policy makers in State, Defense, NSC, and OCB might feel inhibited in promoting a policy that had been publicly recommended by an outside agency, however reputable. He made it clear that he was not sure that this was a valid objection but he volunteered to find out how key people in the State Department would react to the proposed publication. He suggested we might seek similar reactions from Bob Amory for NSC, from Wayne Jackson for OCB, and from Wm. Kintner or Wm. Godel for Defense. I am so doing.
